

## LIMITED WARRANTY

Products manufactured by Hoist Liftruck Mfg., Inc., (Hoist) and sold are warranted by Hoist to be free from defects in material and workmanship, under normal use and service, when Hoist products are operated at or below rated capacity\* in accordance with operating instructions.

This warranty is limited to repair or replacement, (as Hoist may elect, and at an establishment authorized by Hoist) of such parts as shall appear to Hoist upon inspection to have been defective in material or workmanship.

This warranty period shall begin on the delivery date of the product to the Purchaser and end on whichever occurs first of the warrant period, twelve(12) months or two thousand (2000) hours. During this period, Hoist will provide genuine Hoist parts, labor, and travel time to replace or repair any part furnished by Hoist and found to be defective in material and workmanship.\*\* Only genuine Hoist parts provided by Hoist dealers will be used during warranty period, unless approved by Hoist in writing.

### **THE FOLLOWING ITEMS ARE NOT COVERED BY THIS WARRANTY:**

1. Normal maintenance services and parts or supplies used therein including, without limitation, engine tune-up, wheel alignment, brake and linkage adjustment, lubrication services, tightening and adjusting such as bolts, screws, hoses, fittings, etc., replacement of fuses, bulbs, filters, tune-up parts, fluids and brake and clutch linings, glass; shop supplies such as rags, oil dry, hand soaps, degreasers, cleaning solutions including brake clean, etc.; and adjustments which are part of the required or recommended pre-delivery inspection and periodic inspections in accordance with the Operator's Manual. Electrical and electronic components including wiring will be excluded after the first six (6) months or one thousand (1000) hours of operation. Electronic control modules (ECM's) for the engine and transmission and Remote Tech modules are not included in this exclusion and are covered under the standard warranty period.
2. Leaks due to o-ring failures and fittings after one hundred (100) hours of operation.
3. Normal deterioration of appearance due to use and exposure; or conditions resulting from misuse, negligence, or accident.
4. Any product on which any of the required or recommended periodic inspections or services have not been made.
5. Any parts or accessories, installed on the product which were not manufactured or installed by Hoist whether or not such parts or accessories were selected, recommended or installed by Hoist (including without limitation, engines, tires, batteries, air conditioners, air dryers, etc.). Such parts or accessories shall be covered by the warranties given by the manufacturers thereof and any claim thereof shall be made to such manufacturers.
6. 6. Loss of time, inconvenience, loss of equipment use, other consequential damages or other matters not specifically included.

**Hoist parts and assemblies which are furnished and installed under this warranty are themselves within the coverage of the machine warranty and are covered only for the duration of the original machine warranty period.**

**NOTE:** All international warranty parts shipments are F.O.B. point of debarkation, duties, tariffs, or local taxes excluded.

**This warranty is expressly in lieu of any other warranties, expressed or implied, including any warranty of merchantability or fitness for a particular purpose.**

Replacement parts are warranted for ninety (90) days to be free from defects in material or workmanship. Parts only, no labor.

Hoist Liftruck Mfg., Inc. does not authorize any person to create (for Hoist) any other obligation or liability in connection with Hoist products.

\*For example, a machine rated capacity at any stipulated load center is the rated lift capacity at less than load center. That is, a machine rated at 30,000 pounds at a 36-inch load center connotes 30,000 pounds is the maximum lift capacity even though the load center may be less than 36-inches. Subjecting Hoist products to conditions or loads exceeding those stipulated is justification for immediate cancellation of warranty products involved.

\*\*Travel reimbursement will be limited to six(6) hours maximum paid per claim, or to the nearest Hoist dealer location in the assigned territory in which the truck is based.
